

SmartMiles®

Drive less, **pay less**

If you drive less, you should pay less. SmartMiles helps you do just that. It's the same great coverage as a traditional policy, but with a flexible monthly rate that is based on how many miles you drive.

Compared to a traditional Nationwide® policy, **SmartMiles customers can save an average of \$300.**

If you drive less than the average driver, SmartMiles could save you money.

Have an extra car you rarely drive?

Work from home and don't commute?

Live close to work?

How SmartMiles works

1. Plug a small device into your vehicle that measures mileage.
2. Your rate consists of two parts: a base rate and a variable rate (cost per mile).
3. Your rate varies month-to-month, based on the miles you drive.

** Actual scenario in IL: single, 35-year old male, 2014 Jeep Cherokee, no traffic violations or accidents in last 3 years. Includes average final safe driving behavior discount.*

SmartMiles Sample monthly rate*

VS

Traditional Monthly Rate

Coverage that's personalized to you

10%

Safe-driving behavior discount

Get up to a 10% discount for safe driving after the first renewal.

Road trip exception

Only the first 250 miles count on a single day.

Online access

Keep tabs on your mileage and your monthly payment.

Convenient mileage tracking

SmartMiles uses a small device to track the miles you drive.

Nationwide®
is on your side

SmartMiles availability varies. The SmartMiles variable premium is based upon the Cost Per Mile established for the coverages in force and the number of days and miles driven when the coverage is in force. The SmartMiles Driving Behavior Discount could be zero and does not apply to all coverage elements; actual savings vary by state, coverage selections, rating factors and policy changes. The Driving Behavior discount applies at the next policy renewal and remains while the vehicle is enrolled in SmartMiles. Estimated payments are subject to change based upon the final rated mileage during the mileage period and any policy changes.
